DR. ELENA ROSTOVA
San Francisco, CA | elena.rostova@example.com | (555) 382-9012

PROFESSIONAL SUMMARY
Senior Data Scientist with 6+ years of machine learning, deep learning, statistical modeling, and large-scale data pipelines. Built production recommendation engines and predictive NLP classifiers on AWS and BigQuery.

CORE TECHNICAL SKILLS
Python, SQL, PyTorch, TensorFlow, Scikit-Learn, Pandas, NumPy, NLP, Computer Vision, Machine Learning, Deep Learning, Statistics, Big Data, Spark, AWS, Docker, Git

PROFESSIONAL EXPERIENCE
Senior Data Scientist - NeuralMetrics AI Labs (2022 - Present)
- Designed and deployed PyTorch recommendation engine increasing engagement by 28%.
- Engineered fraud detection pipeline scanning 2.5M daily transactions in SQL and Python.

Data Scientist - Apex Analytics (2019 - 2022)
- Built customer predictive churn algorithms using Scikit-Learn and XGBoost.

EDUCATION
Ph.D. in Computer Science (Machine Learning) - UC Berkeley (2019)
